Locate Management Institute is offering the following 3-step UFL Certificate Program.

Locate Management Training Programs adheres to the Underground Facility Locator Competency Cycle, which consists of three stages:

1. Knowledge development (preferably industry specific) course(s),
2. Industry specific field training (hands-on, OJT and practical), and
3. Industry specific final assessment (verification of knowledge and skills).

The Underground Facility Locator's Field Task Competency Manual (UFL Manual) represents the third and final stage in the UFL Competency Cycle. The competency cycle, the UFL Certificate Program and the Manual is endorsed by the Canadian Association of Pipeline and Utility Locating Contractors (CAPULC).
