or visit locatemanagement.com

Locate Management Institute is offering the following 3-day (24hr) UFL Training Program.

This program is built on the **Canadian Association of Pipeline and Utility Locating Contractors** 3-step competency cycle:

1. Knowledge development
2. Industry specific field training and
3. Assessment*

*Our **Underground Facility Locator's Field Task Competency Manual**, endorsed by **CAPULC**, represents an initial locator task assessment.
